

CRM Automation Rules Specification

1. Lead Scoring Rules

Website visit: +5 points per session (max 20 points).

Whitepaper download: +15 points.

Free trial registration: +30 points.

Webinar attendance: +20 points.

IF lead score ≥ 80 THEN convert to MQL and assign to sales rep.

IF lead score ≥ 80 AND company size > 500 THEN assign to enterprise sales.

2. Customer Health Monitoring

Health score calculated weekly: Product Usage 35% + NPS 25% + Support 20% + Relationship 20%.

IF health score drops > 10 points in one week THEN send alert to CSM.

IF health score < 60 THEN create urgent task for CSM, due within 48 hours.

IF health score < 50 THEN escalate to CSM Manager and VP.

3. Renewal Automation

T-90: Auto-create renewal opportunity in CRM, assign to CSM.

T-60: Auto-send renewal proposal template.

T-30: Auto-escalate to CSM Manager if deal not closed.

IF renewal not signed by T-0 THEN mark as churn, initiate win-back sequence.
